

Your Ideas/Suggestions for Future Segments

- The Virtual Dance Room could offer a mix of activities beyond the scope of just dancing, including segments that would be of interest to a wider range of participants, including some who are no longer active in the dance community...
- Please send your ideas to virtualdancerroom@ethnicedance.net
(I've already gotten some ideas/suggestions for session segments in emails)
 - having different presenters share significant experiences about their dance lives
 - cooking ethnic dishes, listing ingredients and cooking/baking instructions
 - collecting and/or making ethnic costumes and footwear
 - finding dance videos, music and descriptions online
 - workshops on forgotten, specialty or rarely done dances
 - reviewing photos and stories from various prior dance events,
 - sharing stories about experiences/interactions with people in ethnic communities
 - sharing news, links and contact information about other virtual dance communities
 - conducting sing-alongs (although audio issues might be problematic with ZOOM)
 - sharing aspects of dance as an activity for fun, entertainment and health
