All About Yves - Appreciation Parties

To show our appreciation for all that Yves did for the International Folk dance Community, we're offering our next two Friday dances (Sep 15 and Sep 22) and our 3rd-Saturday Late Night Global Dance After-Party (Sep 16/17) as forums where we can express our happiness and appreciation for Yves' contributions to the International Folk Dance Community.

Yves passed away peacefully in the presence of his loving wife France and family. Yves had been diagnosed recently with Primary Biliary Cholangitis (a hereditary liver disease), and it is shocking and sad that he passed away so suddenly. I will always cherish the great times we shared on numerous occasions. I met Yves early in his dance teaching career when our group (University of Chicago Folk Dancers) engaged him to teach two "Bulgarian Dance Workshops" on his first tour around North America. This was in the fall of 1967 and in the spring of 1968, just before he spent a year in Bulgaria researching new dance material.

Yves was a great facilitator and generous to a fault, frequently assisting others in both small and large endeavors, from answering folklore-related questions to supplying folk related materials. Yves had a great sense of humor, was extremely creative in his parodies of dance scenes at Stockton Folk Dance Camp talent shows and was a very good sport about practical jokes others played on him.

Many years ago, when I was asked which teacher had contributed the most memorable dances to the IFD movement, I replied unhesitatingly, "Yves Moreau".

According to one source, Yves said last June 8th (his 75th birthday): "The important thing is to be surrounded by the people you love and if possible, to keep dancing!"

We thank the musicians, dance leaders and tech crew who've worked hard make this event successful. Let's show our appreciation to the musicians who play live for this party and for our virtual dance events by making generous donations to the Virtual Dance Room so that we can offer modest honoraria to our musicians, keep up with our monthly expenses, and maintain our audio/video/computer equipment.
