Many of you will encounter new dance music and dance rhythms and you'll think that everyone else there is an expert. But at some point in the past, everyone else started for the first time. So give yourself some time to learn the language of ethnic dance and music.

No prior dance experience is required. You just need to be willing to try and to learn. Teaching begins early in the evening, followed by open dancing until midnight. Stick around and you'll learn a lot more by following behind the line or by getting in between experienced dancers.

What is Ethnic Dance Chicago?

Ethnic Dance Chicago (EDC) is a multi-ethnic, multi-generational community of people who enjoy the dances and music of many countries from around the world. As our motto indicates, we regard "**Dancing As A Second Language**". Ethnic Folk Dancing is a great social mixer and aerobic workout of which your personal trainer would approve.

Since 1987, EDC has promoted the enjoyment, sharing, understanding and preservation of the dance and music heritage of America's many ethnic groups as well as America's own traditional dance and music.
